

WESTON HIT AND MISS TRAP CLUB

COVID-19 STATEMENT AND PROCEDURES

The Club will be opening for shooting starting this Sunday 10/31/2020, from 1pm-4pm, and Wednesday and Thursday from 6pm to dusk.

Due to continued concerns about the COVID pandemic, we realize that some may not feel comfortable entering the club house. Therefore, sign-up for shooting will be available at the small window along the south side of the building. It is everyone's responsibility to remember to practice "social distancing" in a way that you feel comfortable. Sanitizing materials will be available but everyone should consider bringing their own supplies in their shooting bag as well. Also, anyone who would prefer to wear a mask should bring their own.

Each team should take extra precautions to keep the bar area and club house clean during their work week.

Everyone's membership and shooting fees should be paid for the season before they start to record their league scores. The league season will still be 15 weeks long. Sunday 5/31/2020 is the start of "week 6". Everyone will be able to shoot back in order to make up the missing 5 weeks.

All team Captain's should reach out to their team members to remind them of the start of the season.
